SUPPORTS MOBILITY, HELPS REDUCE INFLAMMATION

BUTE-X

A unique combination of Chondroitin, Glucosamine & Turmeric alongside a blend of dried herbs & Omega Oils.

BENEFITS

- For optimum joint health
- Helps maintain supple, flexible & pain free joints

CONTAINS

Chondroitin: to maintain integral structure of tissue & cartilage & helps improve the inter-joint synovial fluid quality.

Glucosamine: key factor in the production of glycosaminoglycans – essential in collagen & connective tissue production. Composes over half of Hyaluronic Acid – found within the joint structures.

Micronised Linseed: high in Omega-3 fatty acids, helps to maintain supple joints and supports the skin promoting a smooth, glossy coat.
Turmeric: anti-inflammatory & anti-oxidant.

Vetoxan® and Diamond V Yeast: to help improve hindgut bacteria & assist in eliminating digestive upsets.

Nutrimin®: helps promote efficient nutrient utilisation through decreasing the rate of food passage through the digestive system.

INSTRUCTIONS FOR USE

For optimum results add to every feed

- Large Horse: 20-40g
- Medium Horse: 15-30g
- Small Horse: 10-20g
- Ponies & Foals: 10-15g

Products containing Turmeric should not be fed in combination with blood thinning medications (or before surgery), ulcer medications, or NSAIDs (such as bute).

SIZES AVAILABLE

- 1kg
- 2.5kg
- 5kg
- 10kg
- 25kg

What our customers say about Bute-X:

"I find that this product really seems to help to reduce the discomfort that my horse suffers from due to a continuing problem with one leg" – Neil C

JOINT LIQUID

Specially formulated to improve function & repair of joint structures.

With Glucosamine, Chondroitin & MSM to assist in connective tissue repair & maintenance.

BENEFITS

- Helps support the joints of horses & helps maintain correct function
- Ideal for horses that may suffer from joint degeneration & associated problems
- Highly palatable & easily absorbed
- Also ideal for older horses

CONTAINS

MSM: source of organic sulphur which is an essential component of connective tissue, skin, hooves & amino acids.

Glucosamine: key factor in the production of glycosaminoglycans – essential in collagen & connective

tissue production. Composes over half of Hyaluronic Acid – found within the joint structures.

Chondroitin: to maintain integral structure of tissue and cartilage & helps improve the inter-joint synovial fluid quality.

INSTRUCTIONS FOR USE

- 25kg

MUSCLE STRENGTH & STAMINA

What our customers say about Muscle Master:

"Muscle Master along with a good exercise routine built my mare up. I also noticed that she seems to poo less with no sloppy droppings as I sometime saw. – Terri D."

LAMITOX

Highly effective product for horses prone to Laminitis.

HELPS SUPPORT LAMINAE & CIRCULATION

What our customers say about Lamitox:

"Milly my Irish mare looking fab after using your Lamitox which I added to her feed which I won in your competition would definitely recommend to anyone she has a lovely healthy coat on very little calories." – Lou H

BENEFITS

- Helps horses digest food better thus eliminating incomplete digestion of food in the hind gut. This has been realised as a cause of Laminitis as it results in the release of acids and toxins into the blood, which subsequently damage the blood vessels that supply the sensitive laminae in the feet.
- Assists in neutralizing toxins which can settle in the feet, thus supporting a healthy enzyme level within the hooves.
- Low in sugars & starches

CONTAINS

Vetoxan®: to help improve hindgut bacteria and assist in eliminating digestive upsets. Helps reduce susceptibility to the onset of the problem.
Nutrimin®: helps promote efficient nutrient utilisation through decreasing the rate of food passage through the digestive system. Assists in removing toxins from the system. Also contains a naturally, chelated kaolin, that helps soothe the intestines.

INSTRUCTIONS FOR USE

Maintenance: 10g in every feed
 Animals at risk: 20g in every feed

SIZES AVAILABLE

- 2.5kg, 5kg, 10kg, 25kg

FARRIERS FRIEND

High specification supplement to help produce & maintain optimum performance & condition, specifically designed for horses with problem feet.

BENEFITS

- Particularly beneficial for problem hooves
- May assist rapid hoof development and hoof quality
- Helps produce and maintain optimum performance & condition

CONTAINS

Micronised Linseed: high in Omega-3 fatty acids, helps to maintain supple joints & supports the skin promoting a smooth, glossy coat.
Vetoxan® and Diamond V Yeast: to help improve hindgut bacteria & assist in eliminating digestive upsets.
Nutrimin®: helps promote efficient nutrient utilisation through decreasing the rate of food passage through the digestive system. Assists in removing toxins from the system.
Dried Herbs: traditional liver detoxifier. Helps improve general

condition, growth & body weight.
Seaweed: excellent source of naturally occurring broad spectrum vitamins, minerals & trace elements to support health & vitality in all horses.

INSTRUCTIONS FOR USE

For optimum results add to every feed.

Large Horses:	30gm
Medium Horse:	25gm
Small Horses:	20gm
Ponies & Foals:	15gm

SIZES AVAILABLE

- 2.5kg, 5kg, 10kg, 25kg

ASSISTS HOOF QUALITY

GUT-RITE

Supports gut health & helps maintain a healthy digestive system.

HELPS
MINIMISE
DIGESTIVE
STRESS

BENEFITS

- For animals under digestive stress
- Can be used for loss of appetite, travelling stresses, convalescing etc.
- Contains electrolytes to help aid recovery

CONTAINS

Vetoxan®: to help improve hindgut bacteria & assist in eliminating digestive upsets.

Diamond V Yeast: supports robust digestive health by balancing gut microbiota and the immune system while optimizing gut morphology. Its prebiotic activity helps nurture hindgut microbial populations, while the antioxidant activity helps improve immune function.

Sodium Bicarbonate: traditionally used as an antacid and cleanser.

Electrolyte plus added vitamins & minerals: to help aid recovery.

INSTRUCTIONS FOR USE

Feed 1g per kg bodyweight for 2-3 days blended onto feed or mixed with ½ litre of clean warm water. Daily feed for maintenance /gut balancer 10-20g per day (dependant on horses' weight – 20g > 500kg).

SIZES AVAILABLE

750g
1.5kg

BROODMARE & YOUNGSTOCK SUPPLEMENT

Balanced supplement rich in calcium & other key minerals specifically formulated for young & breeding stock. Aids optimum skeletal growth & development.

BENEFITS

- A powdered supplement rich in calcium & other key minerals specifically formulated for breeding stock
- Ideal for broodmares of all types, along with foals post weaning, yearlings and youngstock to 3yo. This product may also be of benefit to late maturing 4 & 5yos
- Daily feeding may help support the correct formation of bone & cartilage, vital to ensure the horse can ultimately perform at the peak of its ability.

CONTAINS

Rich in Calcium: assists the growth & correct development of the skeleton within the young horse.

Phosphorus and Magnesium: ensures the Calcium to Phosphorus

ratio is correct. Vitamin A, D3 & E and B Vitamins together with trace elements and Methionine.

INSTRUCTIONS FOR USE

Broodmares: 120g per day
Yearling or 2 year olds: 80g per day
Foals: 40g per day

Do not exceed 130g per horse per day.

SIZE AVAILABLE

10kg

RESPIRATORY SUPPLEMENT

To maintain healthy airways & optimum mucus removal.

HELPS
SOOTHE &
CLEAR
AIRWAYS

BENEFITS

- A unique liquid supplement for support of the respiratory system in both performance horses & older horses with compromised respiratory function
- Natural ingredients help to soothe the airways, maintain lung integrity and also support the removal of mucus from the respiratory tract.
- Add to the feed daily or give directly to the horse via syringe into the back of the mouth, may also be used immediately prior to exercise

CONTAINS

Menthol & Eucalyptus oil: helps soothe & clear airways.

Echinacea oil: well documented beneficial effects to actively promote a high natural immune system.

Garlic Oil & Aniseed Oil: helps support the respiratory tract.

Honey: a highly palatable source of natural sugar as well as having antioxidant properties.

Apple Cider Vinegar: anti-inflammatory properties & helps drain the sinuses.

INSTRUCTIONS FOR USE

Feed 30ml per horse per day.

SIZES AVAILABLE

1 Litre
5 Litre

NO-SAND PLUS

May help remove sand & other obstacles from the gut.

BENEFITS

- Aids digestion especially in sandy soil areas
- Assists in soothing & cleansing the bowel of sand & other debris

CONTAINS

Psyllium Husks: outer coating of the seeds of the psyllium plant & are a rich source of soluble & insoluble dietary fibre. The husks absorb water to form a gel which then passes through the digestive system assisting sand & other debris to be passed in the droppings. In cases of loose droppings, the psyllium husks give the stools bulk.

INSTRUCTIONS FOR USE

Feed 150g per 500kg bodyweight until Gut and Colon are free of sand. Feed at a maintenance rate of 50g per day.

SIZES AVAILABLE

1kg
5kg

What our customers say about Respiratory Supplement:

"My horse has COPD and it definitely helps keep his airways clearer especially when he is stabled. Less coughing!" – Julie P

LIQUID CALMER

A liquid supplement formulated to support & correct behaviour in horses. Ideal for horses & ponies that display nervous & temperamental behaviour.

SHOW LEGAL NATURAL CALMER

BENEFITS

- Suitable for horses & ponies of all breeds and ages
- Daily feeding may help support correct behaviour & maintain optimum performance

CONTAINS

Magnesium, B vitamins & Vitamin E: for carbohydrate metabolism & to help maintain the integrity of the nervous system.
Tryptophan: is naturally occurring in the horses' body and acts as a calming agent.

INSTRUCTIONS FOR USE

Feed 30ml per horse per day, as required, directly to the feed. Allow 3-4 days for effects to take place.

SIZES AVAILABLE

- 1 Litre
- 5 Litre
